

GUEST PRINTING at a wēpa JACKET PRINT STATION

Use one of these upload or file access methods to
print at a Jacket Print station.

USB

Insert your USB Drive at any Jacket Print station and select your file.

Cloud

Tap "Cloud Storage" at the Jacket Print station. Select the cloud storage provider of your choice and enter your credentials.

Email

Attach your document to an email and send to print@wepanow.com. Use the wēpa code provided by email at any Jacket Print station to print your document.

Traditional*

(Requires a one-time download to your personal computer: wepanow.com/printapp.)
Open your document and choose "File>Print." Select your preferred wēpa printer and hit "Print."

Web*

Log in at wepanow.com/webupload. Locate and choose your documents and "send to wēpa."

Mobile*

Download the "wēpa Print" mobile app and follow the instructions.

* Traditional, Web, and Mobile upload methods require users to have a wēpa account.
Create an account at wepanow.com or at any Jacket Print station.
